INDEX OF ARTICLES 1985

JANUARY 1985

Joy Relocation Triggers Shift To Open Plan.
Mockups of projected open plan areas in transitional office space presaged Joy Mfg.'s smooth HQ relocation. Interspace Incorporated, interior designer. *pp. 54-61.*

Facilities & Business Planning Fused At Central Bank Of Denver.
In 1979, the executive VP of Colorado's 4th largest bank set in motion a facilities division. *pp. 62-66.*

IFMA Draws Portrait Of Facilities Managers.
Salaries varying by industry type highlight findings of IFMA survey of facilities managers. *pp. 67-69.*

The Hook-ups & Hang-ups Of Smart Buildings.
Is the move to a smart building a smart move? Services offered and future expandability are just two of the necessary considerations to investigate. *pp. 70-73.*

Arthur Young: On Line With Expansive Future.
The "auditor's auditor" has a telecommunications foothold that can increase efficiency. *pp. 74-75.*

Reaping The Rewards Of A National Furniture Contract.
By planning purchasing over time, firms take advantage of the economies realized by manufacturers. *pp. 76-85.*

Open Plan Systems: Product Review
Flexibility and soft look mark open plan systems. *pp. 77-85.*

Real Estate: Diversifying utilities stalk real estate profits. *p. 37-38.*

Business Telecommunications: Be wary of features and technology for their own sake when acquiring systems *p. 41-44.*

Editorial: Beauty And The High-Tech Beast. *p. 53.*

FEBRUARY/MARCH 1985

Directory Of Products & Services.
Alphabetical, *pp. 142-155;* Classified Products, *pp. 160-206.*

Thompson & Knight Breaks Legal Tradition.
The Dallas law firm opted for small private offices and many conference rooms. ISD Incorporated, interior designer. WZMH Group, architect. *pp. 102-109.*

Productivity Hikes Demand Painstaking Synergism.
Office productivity drives sparked by corporate self-interest and helped by academic research take on added importance as workers flow into white collar jobs. A wedding of design, automation, and training is favored. *pp. 110-113.*

Guidelines For Measuring Productivity.
There are aspects of productivity that won't evade a carefully calibrated yardstick. *pp. 114-117.*

A New Home, Job Perks Make Output Jump At AT&T.
A workspace shaped with the worker in mind and new job perks have increased output. *pp. 118-121.*

Real Estate Roundtable: Brace Yourself: Money Sources Are On The Brink Of Change.
Watch for securitized, collateralized commercial mortgages. *pp. 122-128.*

Guide To Location & Site Data Sources.
List of state development authorities, chambers of commerce, and major utilities. *pp. 129-134.*

Real Estate: New credit rating plan could boost building-cash pool by opening secondary commercial mortgage market. *p. 65.*

Business Telecommunications: Centrex is more popular—and its future cloudier. *p. 71.*

Editorial: Breaking The Productivity Barrier. *p. 101.*

APRIL 1985

Understated Tower Suits Subdued Marathon.
Energy company concentrates on decent dining rather than daring design. Pierce Goodwin Alexander, architect & interior designer. *pp. 64-71.*

The Hartford: Zulkeski's Matrix Keeps Projects Snag-free.
HIG's facilities staff manages 6 million sq.ft. of offices. *pp. 72-76.*

Staying A Step Ahead Of Climbing Rental Rates. *By Michael E. Kelly and A.S. "Migs" Damiani.*
A lease can be written as much from the tenant's view as from the landlord's. *pp. 77-79.*

Power To The People: Access Or Ducted System?
What power distribution system you choose is not as crucial as why you choose it. *pp. 80-83.*

The ABCs Of COM For Office Chairs.
Specifying upholstery with Customer's Own Material can be an easy road. *pp. 84-86.*

Workplace Seating: Pcoduct Review.
More models and brighter colors expand office chair options. *pp. 87-93.*

Real Estate: NACORE stresses importance of strategic planning in symposium workshop series. *p. 39.*

Business Telecommunications: "Equal access" will soon dictate the designation of a long-distance carrier. *p. 45-48.*

Products & Services Focus: Fabrics. *pp. 103-106.*

Products & Services Focus: CAD/FM. *p. 108.*

Editorial: The Integrated Jigsaw Puzzle. *p. 63.*

MAY 1985

Andersen Ushers Light Into Regional Office Core.
Glass-topped interior walls suffuse the innermost corridor with natural light. Associated Space Design, interior designer. *pp. 82-89.*

Home Rule Governs Standard Oil/Indiana's Vast Empire.
Topping off the Chicago lakefront HQ also set in motion a centralized property operation. *pp. 90-94..*

10 Sure-Win Ways To Sell The Boss Your Facilities Plan. *By Kenneth C. Kirsch.*
There are ways to bypass roadblocks. Here's how. *pp. 95-97.*

City Codes Could Clip Flat Conductor Cable.
Many local municipalities have some different things to say about flat cable use. *pp. 98-101.*

Carpet Tiles Are A Natural For Access Floors And Flat Wire.
The glue-down vs. free-lay debate still bubbles over. *pp. 102-105.*

Procter & Gamble HQ: One Of Many NEOCON Highlights.
Preview of NEOCON 17: seminars, workshops, new products. *pp. 106-122.*

Real Estate: Survey profiles small but growing number of corporate real estate executives. *p. 59.*

Business Telecommunications: Voice messaging systems employ digitized speech to carry the news. *p. 65.*

Products & Services Focus: Telephone Systems. *pp. 133.*

Editorial: Big Brother May Be Watching. *p. 81.*

JUNE 1985

Passive Solar Design Cuts Energy Costs At Blue Cross & Blue Shield.
Expanded Nutmeg State HQ building consumes about 50% less energy than conventional structures. The Architects Collaborative, architect & interior designer. *pp. 56-63.*

Owens-Illinois Revamps Its Property Accounting.
A property accounting system pinpoints all HQ operating costs *pp. 64-67.*

Smart Buildings Are Getting Smarter—And Friendlier.
Owners and tenants reap a raft of energy-saving benefits from automated buildings. *pp. 68-71..*

Solar Films Stop Energy From Flowing Out The Window.
Many types and grades create solutions for almost any situation. *pp. 72-75.*

New Occupancy Sensors Are Automatic Watt Misers.
Sonic, infrared, and microwave sensors automatically turn lights on when space is in use and off when not. *pp. 76-79.*

Lighting: Product Review.
Lighting devices cover a broad range, from adapters and ballasts to programmed on/off switches. *pp. 80-81.*

NEOCON's Focus On Facilities.
Update on NEOCON 17. *pp. 82-89.*

Real Estate: NACORE workshops offer real estate executives primer on establishing proactive departments. *p. 29.*

Business Telecommunications: Termination charges on embedded-base contracts penalize premature upgrades of system. *p. 37-38.*

Products & Services Focus: Lighting. *pp. 95-98.*

Products & Services Focus: Window Management. *pp. 102-104.*

Editorial: Calling The Shots. *p. 55.*

JULY/AUGUST 1985

Facilities Portfolio: Training Centers Designed For Learning.
Projects: Deloitte Haskins & Sells; Sun Co.; AT&T; ARCO; IBM; Wang Laboratories; and Mellon Bank. *pp. 78-86.*

A Proactive Stance Marks Facilities' Growth At Honeywell, Inc.
User-need studies and a time-management program are raising Honeywell's facilities organization above "fire-department" level. *pp. 87-91.*

Carpet Fibers Can Ward Off Office Static Build-Up.
The latest generation of carpet fibers neutralize or dissipate static charges. *pp. 92-95.*

Warning: Are VDTs Hazardous To User Health?
The furor over health and safety issues still rages. *pp. 96-100.*

Giving VDTs Some Legs To Stand On.
Fully adjustable computer support furniture can fit virtually any user need. *pp. 101-111.*

Real Estate: MONY banks successfully on cost-saving relocation to New York suburb. *pp. 43-46.*

Business Telecommunications: Remote maintenance systems perform routine services expeditiously and from a terminal that is off-site. *p. 55.*

Products & Services Focus: Carpet. *pp. 117-120.*

Editorial: Waiting For The VDT Dust Cloud To Settle. *p. 77.*

SEPTEMBER 1985

P&G's Earthly Garden Rooted In Fertile Research.
Pyramidal roofs, limestone walls, and acres of formal gardens keep P&G's expanded headquarters faithful to local architecture. Kohn Petersen Fox Conway, interior designer; Kohn Pederson Fox, architect. *pp. 62-70.*

High-Tech Hustle Pilots Apple Computer's Offices.
A team of 75 copes with lightning-fast change. *pp. 71-75.*

(continued on page 82)

INDEX OF ARTICLES 1985

(continued from page 79)

Will the Pattern For Japan's Facilities Management Be Made In America? *By Marshall A. Graham, CMC.*
Elements that spurred U.S. facilities planning and management practices are already in motion in Japan. *pp. 76-79.*
Exploring Facilities Management As A Strategic Resource.
IFMA holds its sixth annual conference. *pp. 80-87.*
Upscaling Facilities Management Via The Latest CAD/FM Systems.
An educational update is co-sponsored by FACILITIES. *pp. 88-94.*
Facilities Management Day Kicks Off Design Conference.
Showroom seminars are part of the three-day Designer's Saturday. *pp. 96-130.*
Real Estate: Careful selection of the project team will ensure a quality outcome. *p. 43.*
Business Telecommunications: Declining costs and improved reliability lure building-to-building users to infrared transmission. *p. 47.*
Products & Services Focus: CAD/FM. *p. 137.*
Editorial: Alphabetical tour-de-force. *p. 61.*

OCTOBER 1985

All Systems 'Go' At TRW's New World Headquarters.
Jack Gearhart's unique team structure and relentless research to get the very best of everything gives the new 760,000-sq.-ft. headquarters a total systems flexibility to last for the next 50 years. *pp. 76B-82.*
The Associates' 24 Staffers Grip The Reins On 2 Million Diverse Sq. Ft.
The use of forms and checklists doesn't bog down the work process. *pp. 83-87.*
International Paper's Wood-Based Art Collection.
Relocation, consolidation, and a recognizable corporate identity were the spurs behind this $400,000 program of art acquisition. *pp. 88-91.*
Can You Dollar-Justify Facilities Programs?
Talk the money language of top executives when you want to obtain expenditure approvals for upgrading your facilities. *pp. 92-95.*
Modest Staffs Manage The Impossible—Every Day.
In-house facilities executives wield primary responsibilities for a host of office, real estate, and telecommunications decisions at the same time as they interact with a wide range of corporate departments. *pp. 96-99.*
Executive Desks & Credenzas Enhance Corporate Style.
With desks designed for the executive office, the details make the difference. *pp. 100-108.*
Modular Components Create Seating Versatility.
Lounge areas serve a variety of needs, so seating should be durable and versatile while still conveying a distinct corporate style. *pp. 109-115.*
The Stress Is On The Long View.
The IFMA Conference, October 27-30 in Chicago, ties professionalism to premeditation. *pp. 116-120.*
76% Of Dealer Business Stems From Corporations.
Results of FACILITIES' second survey of office furniture dealers show 76% of dealership orders is coming direct from the corporate customer while 14% generates from the interior designer or architect. *pp. 53-56.*
FACILITIES Top 100 Office Furniture Dealers.
Top Dealers are ranked according to their annual dollar volume, with all currently offered services listed for each company. *pp. 57-58.*
A Regional Guide To Dealers.
The top national furniture dealers are listed according to regional locale. *pp. 70-71.*
Real Estate: Will President Reagan's tax proposals tax your real estate ventures? *p. 35.*
Business Telecommunications: Bay area leasing company samples flexible alternative to rigid conduit. *p. 41.*
Products & Services Focus: Corporate Art. *p. 129.*
Products & Services Focus: Signage. *pp. 134-138.*
Products & Services Focus: Desktop Accessories. *p. 142.*
Editorial: CEOs: Is 2% Too Much For A New Headquarters? *p. 76A.*

November/December 1985

American Savings Builds In Redundant Computer Power.
Diesel generators, banks of batteries mounted on seismic racks, and water cooling towers keep computers humming at the lending and financial data processing center of the nation's largest thrift. *pp. 90-97.*
Divided Facilities Staff Conquers 3M's 27-Building Requirements.
An active working relationship with engineering, purchasing, and even upper management distinguishes facilities management at this Fortune 47 corporation. *pp. 98-102.*
Orbit-2: How to Rate Facilities For Automation Phase-In.
Benchmark tools for cost-justifying facilities change, and for fixing after-tax prices after these changes, form the nucleus around which ORBIT-2 revolves. *pp. 103-107.*
High-Density Mobile Files Move—And Store—Mountains.
Movable files are increasing in their operational flexibility and storage capacity. But these mostly custom products carry an upfront caveat of their limitations and costs. *pp. 108-113.*
Access Controls Keep A Tight Lid On Security.
Access control security systems are increasingly sophisticated, with computer-controlled systems sometimes monitoring as many as 1,000 access points. *pp. 114-118.*
Prewired Panel Systems: A Source Guide.
With the use of more electronic equipment in the workplace than ever before, open plan furniture systems manufacturers are refining their prewired panels. *pp. 119-122.*
Real Estate: Rent Commencement: A poorly worded lease can make you lose a bundle. *p. 31.*
Business Telecommunications: Companies take to the skies for voice/data transmission via satellite networks. *pp. 65.*
Products & Services Focus: Files. *p. 127.*
Products & Services Focus: Integrated Ceilings. *p. 132.*
Editorial: Prepare now for the office of 1995. *p. 89.*

Free information fast

Use the reader service card to obtain complete details on product items, services, and literature mentioned or advertised in this issue.

Circle the number on the card that corresponds to each item of interest. Your inquiry will be forwarded by us free of charge, and information will be sent to you directly by the firm.

A Special Service For Readers

You'll find the reader service card bound inside the back cover.
